Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Carbon County Emergency Generator Project in Fiscal Year 2027. The entity to receive funding for this project is Carbon County, WY, located at 215 W. Buffalo Street, Suite 218, Rawlins, WY 82301. The funding would be used for the purchase and installation of permanent and portable emergency generators at several essential County-owned public locations. The project is an appropriate use of taxpayer funds because it will address clearly identified rural backup power needs at these facilities and across the County, which are essential for medical services, public safety functions, and routine government operations, thereby ensuring they remain available and operational amid disruptions and times of emergencies.

The project has a federal nexus because the funding provided is for purposes authorized under Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Harriet M. Hageman".
