The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Town of Bar Nunn for Water System Resiliency and Infrastructure Expansion in Fiscal Year 2027. The entity to receive funding for this project is the Town of Bar Nunn, located at 1500 Palomino Avenue, Bar Nunn, WY 82601. The funding would be used for the repair or replacement of the Town's damaged municipal water storage tank to restore reliable water storage capacity, the extension of water and sewer infrastructure to currently undeveloped portions of Bel Vista and Palomino Avenue, construction of a sewer lift station required to support development in the Palomino area, and modernization of aging water meters that are more than 30 years old to improve meter accuracy and responsible water system management. The project is an appropriate use of taxpayer funds because it will restore critical water storage capacity, strengthen fire protection capability, modernize aging infrastructure, and support responsible residential growth for the approximately 3,000 residents served by the Bar Nunn municipal water system.

The project has a federal nexus because the funding provided is for purposes authorized under Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Harriet M. Hageman".
